

[Quicken 2007 For Windows](#)

The screenshot shows the Quicken 2007 software interface for "abc's Finances 2". On the left is a sidebar with account categories and a main "Overview" section. The "Overview" section features a "Spending By Category" pie chart for the "Last 12 Months" period, totaling \$18,597.34. Below the chart is a section titled "2. Stay on Top of Your Bills" with explanatory text and a list of bills due in 1, 9, and 11 days.

| Account        | Balance    |
|----------------|------------|
| All Accounts   | \$3,706.16 |
| Cash & Credit  | \$3,706.16 |
| Cash           | \$140.09   |
| Checking       | \$140.09   |
| Savings        | \$3,566.07 |
| Savings        | \$3,566.07 |
| Investments    | \$0.00     |
| Assets & Loans | \$0.00     |

**Spending By Category** (Last 12 Months): \$18,597.34

| Category      | Percentage (approx.) |
|---------------|----------------------|
| Uncategorized | 45%                  |
| Mortgage      | 15%                  |
| Utilities     | 10%                  |
| Dining        | 8%                   |
| Cash          | 5%                   |
| Groceries     | 5%                   |
| Auto          | 5%                   |
| Other         | 5%                   |

**2. Stay on Top of Your Bills**

Tell Quicken about your bills and when you expect income. Quicken will then remind you when your bills are due and help you get everything paid on time.

**Why do this?**  
Avoid late fees and overdraft charges.

**What's needed**  
A list of your regularly occurring bills and of your regular income (like your paycheck).

- 1 day late
- Due in 9 days
- Due in 11 days
